State-Building: Governance and World Order in the 21st Century Francis Fukuyama The topic of his latest book is, therefore, surprising: the building of new nation-states.

### **State-Building: Governance and World Order in the 21st ...**

Francis Fukuyama famously predicted "the end of history" with the ascendancy of liberal democracy and global capitalism. The topic of his latest book is, therefore, surprising: the building of new nation-states. The end of history was never an automatic procedure, Fukuyama argues, and the well-governed polity was always its necessary precondition.

### **State-Building: Governance and World Order in the 21st ...**

The book is not bad at all, particularly to bring such a brief explanation on how to shape the art of state building, how can a state be failed or having a wrong turn to be weakened. Fukuyama underlines that weak states have posed threats to international order because they are the source of conflict and grave abuses of human rights.

State-Building: Governance and World Order in the 21st Century. His more important argument, however, is that outside actors have little ability to help countries strengthen their state capacity- and often pursue policies that actually weaken political institutions. On the other hand, he suggests that, in some of the most severe cases,...
