Containment is a geopolitical strategy to stop the expansion of an enemy. It is loosely related to the term cordon sanitaire which was later used to describe the geopolitical containment of the Soviet Union in the 1940s. The strategy of "containment" is best known as a Cold War foreign policy of the United States and its allies to prevent the spread of communism after the end of World War II.

Containment Facts - 22: The US Containment policy of the 1940's and 1950's changed to Detente when there was a release from tension and the relaxation in a political situation which led to a temporary 'thaw' in US-Soviet relations. The first signs of detente followed the Cuban Missile crisis when in August 1963 the USSR, the United States and Great Britain signed the first Nuclear Test Ban ...
