History. Classical Bronze Sculpture. Nearly all the ancient civilizations used bronze in their art. One of the best-known examples is The Dancing Girl of Mohenjo-Daro (2500 BCE, National Museum, New Delhi), a masterpiece of Indian sculpture from the Indus Valley Civilization (3300-1300 BCE). Chinese sculptors, too, understood basic lost-wax casting and section mold casting - notably during the ...

A torc, also spelled torq or torque, is a large rigid or stiff neck ring in metal, made either as a single piece or from strands twisted together. The great majority are open at the front, although some had hook and ring closures and a few had mortice and tenon locking catches to close them. Many seem designed for near-permanent wear and would have been difficult to remove.
