Your bot is assisted by a callcenter agent whenever it gets stuck: Either you conference each customer chat to a bot and an agent. The bot will suggest answers to an agent - who in turn is chatting with multiple clients ("hybrid chat") in parallel as the bot offloads his workload. The bot responds automatically after a timeout that depends on the Bot NLU's confidence score.

Unify your Customer Chats, Bots, Callcenter and CRM

The non technical answer is that Pop-up ads are intended to attract you to another site or capture your email address. Pop up blockers only stop these kind of advertisements.

pop up blocker windows 10 - Microsoft Community

Many of these pop-up branches are designed to serve as full-service branches. Believe it or not, a 20' x 8' container can house 24-hour ATMs, issue debit cards on the spot, open new accounts, and handle loan applications.
