But Survival of the Sickest doesn't stop there. It goes on to demonstrate just how little modern medicine really understands about human health, and offers a new way of thinking that can help all of us live longer, healthier lives.

### **Survival of the Sickest: The Surprising Connections ...**

I found your book, Survival of the Sickest, on a table in the bookstore that employs me. The title and concept intrigued me. The material has proved fascinating, and, for the large part, very well researched. I am concerned, though, with a statement you make on page 87, regarding psoralen production in organically grown celery. It reads,
