Teaching Discourse Analysis

Abstract. Learning and teaching discourse analysis engages students and tutors in the exploration of texts and talk. Analysis of discourse data encourages students to reflect upon and critically evaluate knowledge acquired in the study of, for example, syntax and semantics as well as naturally drawing students to the investigation of socially-situated language use.

How to... use discourse analysis Part: 1

Discourse analysis is a broad term for the study of the ways in which language is used between people, both in written texts and spoken contexts. Whereas other areas of language study might look at individual parts of language, such as words and phrases (grammar) or the pieces that make up words (linguistics), discourse analysis looks at a running conversation involving a speaker and

Discourse Analysis and English Language Teaching : A ...

Discourse analysis is sometimes defined as the analysis of language 'beyond the sentence'. This contrasts with types of analysis more typical of modern linguistics, which are chiefly concerned with the study of grammar: the study of smaller bits of language, such as sounds (phonetics and phonology), parts of words (morphology), meaning (semantics), and the order of words in sentences (syntax).

Written Discourse Analysis and Its Application in English ...

Discourse analysis (DA), or discourse studies, is the approaches to analyze written, vocal, or sign language use, or any significant semiotic event. The objects of discourse analysis (discourse, writing, conversation, communicative event) are variously defined in terms of coherent sequences of sentences, propositions, speech, or turns-at-talk.

Discourse analysis - Wikipedia

Discourse is one of the four systems of language, the others being vocabulary, grammar and phonology. Discourse has various definitions but one way of thinking about it is as any piece of extended language, written or spoken, that has unity and meaning and purpose. One possible way of understanding 'extended' is as language that is more than one sentence.
