A selvage (US English) or selvedge (British English) is a "self-finished" edge of fabric, keeping it from unraveling and fraying. The term "self-finished" means that the edge does not require additional finishing work, such as hem or bias tape, to prevent fraying. . In woven fabric, selvages are the edges that run parallel to the warp (the longitudinal threads that run the entire length of the ...

AccessArt advocates: Sculpture = Making. NOT designing on paper first! Many schools teach children to work on paper to "design" a building, a textile, a model etc, without children having any kind of understanding of the properties and abilities of the materials they might use, or experience of manipulating these materials.
