Sovereign Hope (2012) About book: I loved the cover and was really looking forward to reading it (yep, I'm superficial in that way.) Except for a couple typos, which slipped through, I wasn't

disappointed. From the very first page, the action didn't stop.

review 1: It's not a bad book there was action from the very beginning it's just didn't touch me, I didn't care for the characters. A good book should make me feel something this one didn't... it might have been more interesting if the whole story would be written from Daniels POV.
