The settling of the North American continent by humans is evident only in the surviving ancient points we occasionally find today. With just a handful of styles, these artifacts ensured survival in the Paleo Indian Period for thousands of years. Then, 12,900 years ago, a comet exploded over southern Canada (The Younger-Dryas event) and ended the age of Big Game - and Paleo Indian.

I noticed him for the first time in Battle of the Bastards, then again in the Winterfell hall. He got a pretty nice close up for just being an extra and I could've sworn I remembered him from somewhere else. I was sure he was one of the Brotherhood without Banners characters, then even watched the cave scene in S3 (multiple times) specifically looking for him because it was like trying to ...
