Andrew Nikiforuk's Tar Sands: Dirty Oil and the Future of a Continent lays bare the idiocy of this malignant neglect. The book is, in essence, a revolting, blush-making case for Canada to develop ...

Review: Tar Sands: Dirty Oil and the Future of a Continent ...

I knew the Tar Sands had a high environmental cost but what this book shows really well is the other costs. First interesting thing I learned is that the Alberta government and the oil industry intentionally call the tar sands, oil sands, even though the substance coming out of the ground is like asphalt and not oil at all.

Tar Sands: Dirty Oil and the Future of a Continent by ...

Four years ago, Andrew Nikiforuk wrote a remarkable book entitled Tar Sands: Dirty Oil and the Future of a Continent. He just as easily might have called it Tar Sands: Dirty Oil and the Future of a Country, because managing the challenges and opportunities presented by the bitumen deposits of northern Alberta will be one the most important tasks facing our next prime minister.

Tar sands: Dirty oil and the future of a country

Tar Sands Oil Extraction - The Dirty Truth ... Tar sands take 3 barrels of water to process every barrel of oil extracted. ... Crashes, fires, speeding. It's not easy training on an oil sands haul ...
