At Ancient Origins, we believe that one of the most important fields of knowledge we can pursue as human beings is our beginnings. And while some people may seem content with the story as it stands, our view is that there exists countless mysteries, scientific anomalies and surprising artifacts that have yet to be discovered and explained.

The theory of the Asiatic mode of production (AMP) was devised by Karl Marx around the early 1850s. The essence of the theory has been described as "[the] suggestion ... that Asiatic societies were held in thrall by a despotic ruling clique, residing in central cities and directly expropriating surplus from largely autarkic and generally undifferentiated village communities".
