The Adults did have the potential to be a good book - unfortunately, Espach did not realize that potential. It is a pretentious and exaggerated book that had an unrealistic protagonist. As a fellow young adult, I thought I would at least be able to empathize with Emily, but she is such a caricature that this is impossible.

The story weaves toward its conclusion when Emily's father returns to Connecticut ill with lung cancer. Espach's writing is literary and introspective, sometimes indulging in irony circling upon irony, but it's securely grounded in a sense of place. Even when the story moves to Prague, settings resonate with authenticity.

Woody Allen came close to saddling "Annie Hall" with the title "Anhedonia" because that psychiatric term, designating an inability to experience pleasure, neatly encapsulated the personality of the character he played. Alison Espach, the author of "The Adults," embeds a similarly perfect but unwieldy title in one of her novel's closing passages.
