This is my hand-crafted collection of project management quotes. Project management is the art and science of making things happen. The project manager leads a team on a journey (the project cycle), through trials and triumphs to realize a vision. Along that journey, project management involves balancing tradeoffs between cost, time, and scope.

A team is a group of individuals (human or non-human) working together to achieve their goal.. As defined by Professor Leigh Thompson of the Kellogg School of Management, "[a] team is a group of people who are interdependent with respect to information, resources, and skills and who seek to combine their efforts to achieve a common goal".. A group does not necessarily constitute a team.
