The way we speak to a partner can betray our true feelings behind the words we use, and artificial intelligence has learned to pick up on these to predict whether your love will last.

BBC - Future - How your voice hides clues about your love life

Cameron Gallagher was a bright and talented teenager. Although ever-smiling, she faced her own personal battles with depression and anxiety. She began to grow weary of keeping her struggles a private battle, and knew that there were many teens just like her who were in great pain behind closed doors.

Cameron's Story — CKG Foundation

The Southern Poverty Law Center gathered hundreds of stories of everyday bigotry from people across the United States. They told their stories through e-mail, personal interviews and at roundtable discussions in four cities. People spoke about encounters in stores and restaurants, on streets and in schools. No matter the location or relationship, the stories echo each other.
