SWOT ANALYSIS PART 20

SWOT analysis (or SWOT matrix) is a strategic planning technique used to help a person or organization identify strengths, weaknesses, opportunities, and threats related to business competition or project planning. It is intended to specify the objectives of the business venture or project and identify the internal and external factors that are favorable and unfavorable to achieving those ...

SWOT analysis - Wikipedia

A TOWS analysis is a variant of a SWOT analysis and is an acronym for Threats, Opportunities, Weaknesses and Strengths.. Similar to a SWOT, a TOWS analysis will involve the identification of an organisation's strengths, weaknesses, opportunities and threats; however, often a key criticism of a SWOT analysis is that it doesn't show the relationships between the different factors and categories.
