Investing 101: What Is Investing? Put broadly, investing is the creation of more money through the use of capital. Essentially, when you invest, you offer your money to people and organizations who have an immediate use for it, and in exchange, they give you a share of the money that they earn with this funding.

Time, Not Timing, Is What Matters Investors learning how to invest in the stock market might also ask when to invest. Knowing when to invest, however, isn't as important as how long you stay invested. Trying to navigate the peaks and valleys of market returns, investors seem to naturally want to jump in at the lows and cash out at the highs.
