The Marikana massacre, which took place on 16 August 2012, was the most lethal use of force by South African security forces against civilians since 1976. The shootings have been described as a massacre in the South African media and have been compared to the Sharpeville massacre in 1960. The incident took place on the 25-year anniversary of a nationwide South African miners' strike.

Most studies of psychological inflexibility and anger, hostility, and aggression have been conducted in adult samples. Aggressive behavior and hostility in youth is encompassed in the broader construct of externalizing, which also includes difficulties with poor impulse control and noncompliance (Tully & Hunt, 2015). Given the extremely limited literature on psychological inflexibility in youth ...
