@d33tah Look at these examples. Notice how the first line contains the column names Year, Make, Model, Description, Price and not actual data. If that's the case with your CSV file, then you do not need to manually create the table using the create table command. The .import command will use the first line in your file to determine the column names and create the table accordingly.

Groundling Marsh is a Canadian children's television series featuring puppets. The show was produced by Portfolio Film & Television Inc., and J.A. Delmage Productions. It included songs and animated segments, and enjoyed a certain amount of success and popularity during its time. The only merchandise produced for the show were videos and they are now exceptionally rare and no longer produced.
