Structural Anthropology, Volume 2 by Claude Lévi-Strauss

You may or may not agree with Strauss' theories, but still you have to agree this Strauss' work had a huge impact on the way anthropology was perceived and the way anthropological research was done. Central in the book is the structuralist philosophy of Levi-Strauss: researching cultures based on their use of language and habits.

Structural Anthropology: Amazon.co.uk: Levi-strauss ...

Claude Levi-Strauss (1908 – 2009) is widely regarded as the father of structural anthropology. In the 1940s, he proposed that the proper focus of anthropological investigations is on the underlying patterns of human thought that produce the cultural categories that organize worldviews hitherto studied (McGee and Warms, 2004: 345).

Structuralism - Anthropology

Claude Lévi Strauss. Structural anthropology is based on the idea of Claude Levi-Strauss that there are opposites in the way people think about the world—such as high and low, inside and outside, person and animal, life and death—and that every culture can be understood in terms of these opposites. "From the very start," he wrote, "the process of visual perception makes use of binary ...
