like slow cooking a turkey? This was my understanding but I don't have any real info to back that up. If the charger is really smart, might not make a difference. What I like many of you have found out is at least an annual run through the desulphation process sure seems to make these batteries last longer.

Smart battery chargers with reconditioning modes - Page 9

Platelets, along with red cells and plasma, form a major proportion of both human and animal blood. Microscopically, they look like little thorned or spiky ovals, and they can only be viewed microscopically, as the average size is about four hundred thousandths of an inch (1 to 3.5 um).

What are Platelets? (with pictures) - wisegeek.com
