Reliable intellectual property (IP) statistics are an important tool in understanding trends in policy, business, and technology worldwide.. We cooperate with IP offices from around the world to provide the most up-to-date global IP data. We also publish statistical reports on worldwide IP activity and on the use of WIPO-administered treaties in protecting IP rights internationally.

The Census of Agriculture is a complete count of U.S. farms and ranches and the people who operate them. Even small plots of land - whether rural or urban - growing fruit, vegetables or some food animals count if \$1,000 or more of such products were raised and sold, or normally would have been sold, during the Census year. The Census of Agriculture, taken only once every five years, looks at ...
