The first British record sales chart ("The Hit Parade") did not appear until 14th November 1952. Prior to that (and for many years afterwards), popular songs were measured by sales of sheet music, which was purchased both by professional musicians who performed live in pubs, clubs and theatres, and by keen amateurs who would play pianos, accordions etc at home.

"The most significant feature of the emergent popular music industry of the late 18th and early 19th centuries was the extent of its focus on the commodity form of sheet music". The availability of inexpensive, widely available sheet music versions of popular songs and instrumental music pieces made it possible for music to be disseminated to a wide audience of amateur, middle-class music ...

Australian rock, also called Oz rock, is rock music from Australia. The nation has a rich history of rock music and an appreciation of the roots of various rock genres, usually originating in the United States or Britain, but also continental Europe, and more recently the musical styles of Africa. Australian rock has also contributed to the development of some of these genres, as well as having ...
