Document and file collaboration are the tools or systems set up to help multiple people work together on a single document or file to achieve a single final version. Normally, this is software that allows teams to work on a single document, such as a Word document, at the same time from different computer terminals or mobile devices. Hence, document or file collaboration today is a system ...

Under the European Patent Convention (EPC), European patents shall be granted for inventions which inter alia involve an inventive step. The central legal provision explaining what this means, i.e. the central legal provision relating to the inventive step under the EPC, is Article 56 EPC. That is, an invention, having regard to the state of the art, must not be obvious to a person skilled in ...
