Military technological changes decisively shaped geopolitics. In his book Jimmy Teng claims that to understand the impacts of these military technological changes is in fact to understand the causes behind the major historical puzzles.

Ludwig von Mises (German: Ludwig von Mises) 1881 - 1973 Austrian-born American economist. He was born in Austria-Hungary in 1881 and died in the United States in 1973. He was a leading figure in the Austrian School of economics and a strong advocate of free-market capitalism. His most famous work is "Human Action," published in 1949.

Socialism and communism are based on the principle that the means of producing goods and providing services — such as all factories and companies — should be owned publicly and controlled and planned by a centralized organization rather than being controlled by members of a small class of wealthy people.
