Narratives/stories are produced in order to be recounted to others. McAdams notes a few basic aspects of storytelling-- the oral or written sharing of our stories with others.[9] A culture's "stories create a shared history, linking people in time and event as actors, tellers, and audience."[10] Stories are not merely chronicles of what happened; they are more about meanings.

Narratives and Story-Telling | Beyond Intractability

And here enters at least one of the core paradoxes of a narrative approach to conflict resolution: conflict stories reflect and create the conditions which anchor the conflict, so changing the stories requires changing the conditions, yet the conditions are anchored by, and anchoring the stories

that people tell.
