Skillful dominance requires confidence and sensitivity. Are you bringing it, every step of the way? There are a significant number of cases where a woman tops a man, a man tops another man, a woman tops another woman or any variation of gender fluidity in between. Domination has more to do with the quality of one's energy than the genitals between one's legs.

The myth of personal responsibility is built on the erasure of America's original sin. Thus it is with no small irony that I write as a professor at American University in Washington D.C., the belly of the beast. The education system, a crucial site of social (re)production, cannot but be complicit in the art of domination.
