Transnational strategy Transnational strategy is an international strategy that combines firm-wide operating efficiencies and core competencies with local responsiveness tailored to different country circumstances and needs. seeks to combine the best of multidomestic strategy and a global strategy to get both global efficiency and local responsiveness.

International Strategy - [GitHub Pages](#)

Due to increasing globalisation the past decades, even smaller companies have been able to cross national borders and do business abroad. Consequently, many terms have been given to companies operating in multiple countries: multinationals, global businesses, transnational companies, international firms et cetera.

International Business Strategy - [business-to-you.com](#)

There are three main international strategies available: (1) multidomestic, (2) global, and (3) transnational (Figure 7.10 "International Strategy"). Each strategy involves a different approach to trying to build efficiency across nations and trying to be responsiveness to variation in customer preferences and market conditions across nations.
