Tears in Rain by Rosa Montero, Paperback | Barnes & Noble®

Tears In Rain is part science fiction, part detective who-done-it, and part existential crisis. It was a great book, not without flaws, but definitely with lovable, imperfect, strong characters.

Book Review: Tears in Rain by Rosa Montero | WIRED

Tears in Rain is set in Madrid in 2109. The history of the past century is partially filled in -- there have been environmental catastrophes (clean air is, in part, in short supply) and alien contact, for example -- but Montero doesn't concentrate on this; she knows how to fill in background in the background and not let it swamp her story.

Another aspect of Tears in rain which is more interesting than the case itself, is the vision given by Rosa Montero of that futuristic world and its troubles. In other words, the big issues she covers with the excuse of making us visiting the year 2109.

Tears in Rain, by Rosa Montero ~ ProseRage

Rosa Montero and Lilit Zekulin Thwaites's science fiction novel Tears in Rain (2012) is set in a future where self-aware androids live among humans. The main character, Bruna Husky, is aware of her mortality in the same way that Roy Batty and his crew were, and Bruna often thinks about the significance of Batty's monologue.

Rosa Montero wrote the book in Spanish and Amazon provided a translation. To be quite honest, I was a bit worried, but overall I found the translation to be remarkably strong. The prose is highly readable and the dialogue actually sounds like human conversation (except where it isn't supposed to, as in the case of aliens or replicants).
