Again, we see some major ongoing effects from the crisis and the contrasting severity among the four economies that I have focused on. One result commonly seen is that economic recovery following a financial crisis is typically slower than the recovery from an average recession, and that has certainly been the case in this instance.

To understand how I approached China during my time as Secretary, it's important to note that I don't see U.S. strategy in Asia as centered on China at all. I said many times: We don't have a China policy, we have an Asia policy. The heart of that policy is a mesh of political, diplomatic, economic, and military relationships with many nations that has sustained security and underwritten ...
