So many legends, so little time. Rick Greffe has asked me to speak briefly on the value of continuity in our profession. Of course one could take that charge to mean the short history of design, perhaps beginning with Peter Behrens, who is credited with invention of identity programs and coordinating graphic and industrial design activities.

### **Milton Glaser | Essays**

Do we have a figure yet of how many varieties of microbes are in the core human microbiome? Although there can, of course, be 1000s of varieties of microbes found in the soil, I believe researchers are saying that there is a core of only about 150 varieties in the plant microbiome, 150 varieties that are absolutely essential for providing the 'environmental services' that keep a plant healthy.
