Interactive art is a form of art that involves the spectator in a way that allows the art to achieve its purpose. Some interactive art installations achieve this by letting the observer or visitor "walk" in, on, and around them; some others ask the artist or the spectators to become part of the artwork.

Prefatory Rant I shall begin by asking you to indulge me some venting: I hate the direction that many high-end preamplifiers and integrated amplifiers have taken the last quarter-century and longer—detest is a more precise word. Minimalism, along with its synonym, "purity," has conditioned the thinking behind so many control units with pretensions to state-of-the-art status that the use ...

Dating back to 1873 and once a major rival of Gibson, the Epiphone company and brand were purchased by Gibson's parent company in 1957. Originally the Epiphone models were made in the same factory as the Gibson guitars, by the same craftspeople using the same materials and often with the same features as Gibson models, but manufacturing of most of the Epiphone instruments was switched to Asia ...
