The Amazing Thing About Way

What's more surprising is that Lincoln responded. The president instructed the U.S. ambassador in London to write back to Marx and the IWM, saying he was grateful to receive support from "friends of humanity and progress throughout the world." If you're feeling like calling up the ghost of Joseph McCarthy because Honest Abe was secretly a pinko commie bastard, keep in mind that Lincoln needed ...

We are surrounded by empty space—not just between ourselves and the outside world, but between and even within our atoms. As the BBC explains, "That means even the most solid-looking objects we see are predominantly nothingness. Put another way, if you were to remove all the empty space in the atoms that make up a human being, he or she would be a lot smaller than a grain of salt."
