All arguments on whether or not palm oil is good for you or not are irrelevant when we know that they are VERY unhealthy for the planet. The slash and burn policy associated with the farming of palm oil is destroying large areas of the planet and killing people with the resulting haze not only in places like Indonesia where the slash and burn policy is rampant, but in all the counties nearby.

Fast food is bad food. That's pretty much common knowledge these days. The majority of the foods served at fast food restaurants contain an insane amount of calories, tons of fat (including the very evil trans fat), and are high in pretty much everything else that you'd want your food to be low in. Long story short, it's the kind of food you want to avoid eating.
