Storytelling For User Experience Crafting

Storytelling for User Experience Crafting stories for better design. by Whitney Quesenbery and Kevin Brooks. We all tell stories. It's one of the most natural ways to share information, as old as the human race.

Storytelling for User Experience - WQusability

I've been talking about stories and scenarios—and how useful and powerful they are—for a long time. And I've been wishing for a book that would both make the case for stories in user experience and help us all become better at collecting, crafting, telling, and using stories in our work.

Storytelling for User Experience - Rosenfeld Media

For the past twenty years I've been studying, researching and teaching storytelling in business. My students over that period of time, many of them graduates of The Story Theater Retreat, have asked for a video course to keep the skills, competencies and techniques they learned from studying with me fresh. Now that course is available in an online learning format.

What is a user experience vision? Look at the desk of a typical user experience designer and you'll see the obvious paraphernalia of the job. Personas. Wireframes. Usability test reports. One thing you're less likely to see is evidence of a user experience vision: an idealised view of the experience

...

Why you need a user experience vision (and how to create ...

Realism is just the start – our art lies in crafting immersive experiences that evoke emotion and inspire action. Virtual environments that homebuyers will want to visit, explore and fall in love with

Carbon Interactive - Digital Creative Agency

Narrative Visualization: Telling Stories with Data Edward Segel and Jeffrey Heer Abstract—Data visualization is regularly promoted for its ability to reveal stories within data, yet these “data stories” differ in important ways from traditional forms of storytelling. Storytellers, especially online journalists, have increasingly been integrating visualizations

Narrative Visualization: Telling Stories with Data

As learners navigate increasingly complex information wilds and explore new forms of creation, libraries are discussing and supporting a variety of literacies, including data, invention, health, information, media, visual, and digital literacies.

LOEX Annual Conference - Breakout Sessions
