**Sociological paradigms and organisational analysis : elements of the sociology of corporate life - Boston University Libraries - Boston University Libraries - The Library.Link Network**

This model of organizational analysis developed by Burrell and Morgan classifies sociological theories along the two orthogonal dimensions of regulation vs. change and subjectivity vs. objectivity (Burrell & Morgan, 1979). This divides sociology into four fairly distinct paradigm clusters.

**Burrell & Morgan - Sociological Paradigms & Organizational Analysis - PAEI - Structures of Concern - Welcome to the Structure of Concern (PAEI) Project**

The authors provide a schema for classifying the philosophical assumptions underlying various social theories which play an important role in organizational analysis. In particular, the chapter describes what the authors call the "subjective-objective continuum" and describe four dimensions that they suggest fall along that basic axis.
