Poverty is the prime cause of the street children crisis. Children from well-off families do not need to work, or beg. They live in houses, eat well, go to school, and are likely to be healthy and emotionally secure. Poverty dumps a crowd of problems onto a child.

Street Children in India: Street Children Problem, I-India ...

"Street Children" is a term that was used by Henry Mayhew in 1851. Before these children were simply referred to as homeless or abandoned. In this paper the background, opinion and solutions

to the problem will be assessed. The effects of several economic, social, and political factors have been known to bring about street children.

Street Children essays

The problem of street children is dependant on their situation and not on their status. In fact, each child has a personal history with the street that cannot be generalised. Because of this, the care of street children must, to be effective, hinge on the different situations on the streets, in other words, on the many "child profiles".

Street Children - Humanium

Street Child Statistics. The hidden and isolated nature of street children makes accurate statistics difficult to gather; however, UNICEF estimates there are approximately 100 million street children worldwide with that number constantly growing. There are up to 40 million street children in Latin America , and at least 18 million in India.[1]
