The Australian Academy of Science was founded in 1954 by a group of distinguished Australians, including Australian Fellows of the Royal Society of London. The first president was Sir Mark Oliphant. The Academy is modelled after the Royal Society and operates under a Royal Charter; as such, it is an independent body, but it has government endorsement. The Academy Secretariat is in Canberra, at ...

Publication history. The Brain first appeared in Doom Patrol #86 (March 1964) and was created by Arnold Drake and Bruno Premiani. Drake later commented, "I used that same concept in a Jerry Lewis comic book, and in a Bob Hope comic I had a totem pole that talked to him. Often times, I wrote the same storylines for the comedy stuff that I wrote for the serious stuff.

The human brain is remarkably malleable. It can be shaped very much like a ball of Play-Doh, albeit with a bit more time and effort. Within the last 20 years, thanks to rapid development in the spheres of brain imaging and neuroscience, we can now say for certain that the brain is capable of re-engineering – and that we are the engineers.
