Religious believers often claim that the universe is fine-tuned for life, and that this is evidence of God. In fact, this might be the modern believer’s favorite argument for God, and the one considered to be the strongest by atheists, including Richard Dawkins.. As such, it invites a careful examination.

William Lane Craig is a prolific Christian philosopher, apologist, author, and public debater. He is the best debater – on any topic – that I’ve ever heard. As far as I can tell, he has won nearly all his debates with atheists. When debating him, atheists have consistently failed to put forward solid arguments, and consistently failed to point out the flaws in Craig’s arguments.
