Power-system protection is a branch of electrical power engineering that deals with the protection of electrical power systems from faults through the disconnection of faulted parts from the rest of the electrical network. The objective of a protection scheme is to keep the power system stable by isolating only the components that are under fault, whilst leaving as much of the network as ...

Power-system protection - Wikipedia

A glove (Middle English from Old English glof) is a garment covering the whole hand. Gloves usually have separate sheaths or openings for each finger and the thumb.. If there is an opening but no (or a short) covering sheath for each finger they are called fingerless gloves. Fingerless gloves having one large opening rather than individual openings for each finger are sometimes called gauntlets ...

Glove - Wikipedia

Fixing our monetary and banking system requires more than tweaks to an obsolete system. This book proposes an overhaul of the monetary system itself—a rethinking of what money is and how it enters the economy.

The Next System Project

Methods. A search for relevant articles published in English was performed in March 2015 through the following databases: Excerpta Medica Databases, Cumulative Index of Nursing and Allied Health Literature, Medical Literature Analysis and Retrieval System Online through PubMed and Ovid, Health Technology Assessment Database, Cochrane database and WHO publications.

Single-payer or a multipayer health system: a systematic ...

From school strikes to the Extinction Rebellion, global climate change protests have raised absolutely the right questions. It's time to act, says CBI Chief Economist and climate change lead Rain Newton-Smith in City Am. Change isn't possible without innovation from business, she continues – but the scale of the challenge needs even bolder ambition from government too.
