These are excellent examples and wonderful challenges for all us Dads and Grandfathers and Great Grandfathers to see. Can you imagine what a different world it would be if all men received such admonition and instruction as young men — and made it their goal to live up to the encouraging challenge presented to them?

The relationship between words and their referents is called semantic. Semantics is the study of how meaning is conveyed through signs and language. Understanding how facial expressions, body language, and tone affect meaning, and how words, phrases, sentences, and punctuation relate to meaning are examples. Various subgroups of semantics are studied within the fields of linguistics, logic and ...
