Mitch Benn - Wikipedia

It's Lbbp from Hrrng on the planet Fnrr! There are passages in Terra in which Benn seems to be channelling Douglas Adams – omnipotent descriptions of technology and events in a slightly sardonic manner – but he quickly (and thankfully) reasserts his own influence ... which is a good thing because Mitch Benn is a very fine writer and Terra is a very fine book.

Review: Terra, By Mitch Benn | The Independent

Love Mitch Benn generally and really enjoyed Terra. Some great themes explored in an inventive way. Only quibble would be that the resolution was somewhat 'Hollywood' and a little obvious but it wouldn't stop me reading another of Mitch's books in future.

Following on from the tremendous success of his debut sci-fi novel Terra, Mitch Benn returns to his heroine with another winning, witty and whipsmart tale to take us back to the planet Fnrr.. It is an enthralling science fiction tale overflowing with humor, drama, tension, originality and above all else imagination.
