Some Quiet Place is the kind of book I thought I would really love, and I wanted to love it too. Unfortunately, though, I just couldn't. The premise is great, the blurb is very mysterious, and the main character appears to be a girl who can 'see' emotions.

The idea of Some Quiet Place is original and too amazing for words! I absolutely loved meeting all the Emotions and Elements and seeing how their "jobs" affected their personality and I think that Kelsey Sutton wrote these characters perfectly. Then again, I'm sort of biased since I'm part of the Fear fan club! Speaking of Fear, the romance(s).
