Play is essential to development because it contributes to the cognitive, physical, social, and emotional well-being of children and youth. Play also offers an ideal opportunity for parents to

engage fully with their children. Despite the benefits derived from play for both children and parents, time for free play has been markedly reduced for some children.

The Importance of Play in Promoting Healthy Child ...

Dear Gel Paza. The first step is to understand what variables are. Next is to identify which one affects the other. This will enable you to identify the dependent and independent variables. Take for example level of income and level of domestic expenditure. Here the variables are level of INCOME and Level of Expenses. If an increase in level of income results in to an increase in expenses, then level ...
