Solution selling is a sales methodology. Rather than just promoting an existing product, the salesperson focuses on the customer's problems and addresses the issue with appropriate offerings (product and services). The problem resolution is what constitutes a "solution". Solution selling is usually used in sales situations where products are just one of the elements that lead to a solution.

The nominal group technique (NGT) is a group process involving problem identification, solution generation, and decision making. It can be used in groups of many sizes, who want to make their decision quickly, as by a vote, but want everyone's opinions taken into account (as opposed to traditional voting, where only the largest group is considered). ...
