**Strong alkaline solution -- Crossword clue | Crossword Nexus**

Sodium hydroxide, also known as lye and caustic soda, is an alkaline solution with a strong chemical base. Manufacturers use this solution in textiles, soaps, drinking water and paper. Sodium hydroxide is hygroscopic meaning it absorbs water from the air and, therefore, you must store this alkaline solution in an airtight container.

investigate the effect of strong alkaline solutions as phosphate and bicarbonate replacers, on the yield and characteristics of Pacific white shrimp. Materials and Methods Collection and preparation of shrimp Pacific white shrimp (*Litopenaeus vannamei*) (55-60 shrimp/kg) were purchased from a local market in Hat Yai, Songkhla, Thailand. Shrimp with

**Effect of strong alkaline solutions on yield and ...**

Baking powder contains both an alkali and acid. When mixed in a solution, the ingredients react and produce carbon dioxide gas bubbles, which expand and make the baking mix rise. Alkaline products usually have little odor or taste, increasing the likelihood of large ingestions occurring and causing more harm.

**What Are Some Household Alkalis? | Reference.com**

Acids and Alkalis. What is the Difference between Strong and Weak Alkalis?. Alkalis and acids can be described as strong or weak. This does not mean the same as concentrated or dilute.. The strength of an alkali (or acid) depends on how ionised it is in water. An alkali forms hydroxide ions (OH<sup>-</sup> ions) in water.. What is a Strong Alkali?. A strong alkali is completely (100%) ionised.

**Strong alkaline solution crossword clue - 1 answers**

Generally, a strong acid has a pH of about zero to 3. The stronger the acid, the better it dissociates in an aqueous solution, releasing more cationic hydrogen (H<sup>+</sup>) ions. Examples of strong acids include hydrochloric acid (HCl), hydrobromic acid (HBr), perchloric acid (HClO<sub>4</sub>), and sulfuric acid (H<sub>2</sub>SO<sub>4</sub>). However, because pH measures the amount of hydrogen ions released in a solution, even a ...
