When winter rolls around, bears hibernate and birds fly south, but what about the bees? Like every other creature on earth, bees have their own unique ways of coping with cold temperatures during the winter season. One way bees prepare for the winter is by gathering a winter reserve of honey.. Honeybees head to the hive when temperatures drop into the 50s. As the weather becomes cool, the ...

My sister, Brenda, was my best friend and I loved her with my whole heart. She died suddenly at age 50 from a blood clot caused by emergency surgery that she should have never had to undergo. She died 3 days after my birthday on 11/09/2007 and I found her when I went to change her bandages. The shock and grief was unbearable at times, and I cried everyday the first year afterwards.
