With more rain and snow on the way, the supposed "unending drought" that the New York Times reported on last year has, in a matter of weeks, ended — at least in Northern California.. Yesterday's color satellite imagery from NASA shows the dramatic changes which have occurred since the same date three years ago:

Hi Tal! Interesting article, but I think you misunderstand what people are trying to accomplish by telling you to "check your privilege." When this phrase comes up, people aren't judging you, telling you that you're entire lineage has been privileged for generations, but that your skin color and sex genuinely make a difference in the opportunities you will have in this country today.
