Phishing attacks are on the rise, and they're more sophisticated than ever.. The reason these types of attacks are on the rise is because they're extremely profitable for perpetrators.. And with the average cost of a phishing attack costing a mid-size company $1.6 million, it can be a death blow for businesses that don't put in the necessary protections against a potential attack.

The Birth of Probability and Statistics The original idea of"statistics" was the collection of information about and for the"state". The word statistics derives directly, not from any classical Greek or Latin roots, but from the Italian word for state.. The birth of statistics occurred in mid-17 th century. A commoner, named John Graunt, who was a native of London, began reviewing a weekly ...
